

How to install the Infinite Campus missing plug-in

When you login to Infinite Campus and go to Grade Book a 'missing plug-in message' will appear. Here is how to install the missing plug-in:

Safari Users:

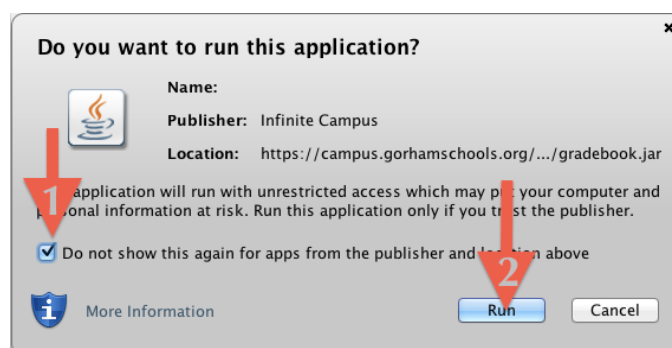

1. Let's start with Grade Book open and the Missing Plug-in message displayed on the screen.
2. Click on the 'Missing Plug-in' message and this dialog box will appear. Click on the 'More Info...' button.
7. Login to Infinite Campus and navigate to the Grade Book.
8. Now click on the 'Inactive Plug-in' message.
9. Click 'Allow' to load the applet.

3. This page will appear. Click on the 'Agree and Start Free Download' button.

10. (1)- Check the box that says 'Do not show this again....'. (2)- Click on the 'Run' button.

4. Open the downloaded file (jre-7u25-macosx-x64.dmg) that is in the downloads folder.
5. Double click on the installer package, Java 7 Update 25.pkg. This will install Java.
6. Restart the computer after the Java install.

11. Grade Book should now work as expected.

Firefox Users:

Use the Safari install instructions and then refer to the instructions at this link:
